

PARENT-TEACHER MEETING

A Parent-Teacher Meeting was successfully organized by the Department of Statistics on 02/09/2025 AT 2.30 PM with the aim of strengthening the academic collaboration between faculty members and the parents of students. The meeting focused on students' academic progress, discipline, attendance, and overall development.

The session began with a warm welcome to the parents by Mr. Karunakar Muduli, HOD. He highlighted the department's vision, academic performance, and activities conducted in the recent semester. He also stressed the importance of regular interaction between parents and teachers for the betterment of students' academic journey.

Dr. Sitanshu Shekhar Mishra, Lecturer in Statistics, discussed the individual performance and participation of students in academic and co-curricular activities. He appreciated the students' enthusiasm and also pointed out areas where improvement is needed, especially in terms of attendance and timely submission of assignments.

Tapaswini Mohapatra, Lecturer in Statistics, addressed the gathering by briefing on the internal assessment procedures, discipline, and the upcoming academic calendar. She encouraged parents to motivate their wards to be consistent and focused in their studies.

Parents actively participated in the discussion and provided valuable feedback. They appreciated the efforts of the faculty members and assured their cooperation in maintaining the academic discipline of their wards.
