

8.	Date :	24/02/2025
	Time :	12.15 PM
	Collaborative Institute :	INNOVATION – THE BUSINESS SCHOOL , Muktapur , Khorda
	Venue :	M. S. Auditorium
	Topic :	“ Emerging Market Trends for Career Development “
	Resource Person :	Mrs. Dipti Tripathy , Chairman , Innovation-The Business School.
	Outcomes :	The savant Chairman from the INNOVATION , Mrs. Dipti Tripathy described the rapid transformation in every sphere of life & the forces of globalization , digitization & innovation are reshaping the business landscape at an unprecedented pace. She also focused on the key emerging trends for the career development of our students are digital transformation & data-driven decision making , green & sustainable management , entrepreneurship & start-up ecosystem , AI & Automation in management functions , lifelong learning & updating skills etc. . Again she narrated that the management field was no longer confined to corporate offices or boardrooms but it is dynamic , digital & deeply interconnected with society & technology. In this context , she quoted a quote from Charles Darwin , “ It is not the strongest of the species that survives , nor the most intelligent ,but the one most responsive to change “ . At last, she encouraged & advised our students to embrace the changes , be adaptable & then be proactive to achieve your goal .
