Name of the Project

AUTO ROLL NO	MARKIN #	Name of MARK IN WORDS The Project	AUTO ROLL NO	MARKIN #	MARK IN WORDS
SAC170307002		To study Variation of current using LDR.	SAC170307021		Small Scale Waste water Treatment Plant.
-----003		Energy storage Materials.	-----022		Zeeman Effect.
-----004		Determination of value of Planck's Constant	-----023		Theory of Black hole.
-----006		Design and working of Transmission Electron microscope.	-----024		Photoelectric effect.
-----007		Use of magnetic Lamination for an elevator.	-----025		Specific Rotation of Sugar soln by Polarimeter.
-----010		chandrayaan 2 India's mission to moon.	-----026		Transmission Electron microscope.
-----011		Tribo electric Nano generators.	-----027		Principle of physics in electrical appliances used in daily life.
-----012		Flip flops.	-----028		Specific rotation of Sugar soln by Polarimeter.
-----013		Gravitational waves.	-----029		Series LCR circuit.
-----014		Working and Design of cyclotron.	-----030		Energy Gap for Superconductor.
-----015		GPS	-----031		LASER
-----016		Carbon Nanotube.	-----032		Working and Design of cyclotron.
-----017		Photoelectric effect	-----033		Hyperloop transport system.
-----018		Audio Power Amplifier.	-----034		Laser.
-----019		Stealth Technology	-----035		Conversion of solar energy into electrical energy.
-----020		Radiation: Fact Risk and Realities.

SAC170307036		Synthesis of Nano material.			
----- 037		Time Travel.			
----- 038		study of op-amp as differentiator and Integrator.			
----- 039		LASER.			
----- 040		Elementary Particles.			
----- 041		Wireless Technology			
----- 042		DTMF Cell phone			
		Control Home Appliances.			
----- 044		Effect of Temp on magnetic Memory.			
SAC170307104		Study the Design of working of Transmission Electron Microscope.
